Featured on our front cover are Scott Andreas and Brooke Geary

Scott is Field Manager East, Asset Services and Brooke is Field Project Engineer, both in our Integrated Gas business. Scott and Brooke work to safely deliver gas to our customers, helping support the transition to a cle

Scott and Brooke were photographed at an Australia Pacific LNG well site at Condabri Central. Origin owns 37.5 per cent of Australia Pacific LNG, and as upstream operator, produces coal seam gas (CSG) from the Surat and Bowen basins in Queensland. Australia Pacific LNG provides ~30 per cent of Australian east coast gas and is a major exporter of liquefied natural gas to Asia.
